Did we achieve them?

Expand
Increase and broaden employee engagement.

Promote
Increase AppLovin CSR presence in our company and communities.
Some **Good We Did**

- **Social Justice—BLM**: We donated $30K to 5 organizations to contribute financial support for the Black Lives Matter movement: *Ella Baker Center of Human Rights, The Greenlining Institute, Equal Justice Initiative, The Bail Project, and UNCF.*

- **Natural Disaster—CA Wildfire**: We partnered with the *Red Cross* to quickly put up a micro-site to raise funds to help those who were impacted by the wildfires and raised $13K+ through employee contributions and company matching.

- **People & Places**: AppLovin Cares collaborated with our People & Places team by submitting non-profit organizations that would benefit from meal donations. Our own Chef Russell then embarked on an initiative with our internal culinary team to prepare, cook, and donate meals to those in need.
Yes! A Few Highlights

**Expanded**

- 115+ members of AppLovin Cares; ~3.5x YoY increase.
- Participation with Cares has broadened beyond AppLovin employees to Lion Studios and Partner Studios employees across all divisions.

**Promoted**

- On track to give $250K to 35+ organizations.
- That’s 75% more orgs than 2019!
Some **Good** We Did

- Youth x Tech: AppLovin’s IT department x AppLovin Cares donated 100 laptops to Gameheads, an organization that helps low income youth thrive in the tech and gaming industries.

  "With AppLovin’s donation, we can grow and extend and grow our course offerings and align more kids with computers."

  - Gameheads Board Chair, Alfonso Hooker
